

student housing

*Yergens-Rogers Hall
Indiana Tech University
Fort Wayne, Indiana*

What did you do over summer break?

We built an
apartment-style
dormitory for
45 students.

*Yergens-Rogers Hall
Indiana Tech University
Fort Wayne, Indiana*

FROM CONCEPTION TO COMPLETION

IN 120 DAYS

HOW

With Whitley Manufacturing's accelerated construction system - the building went from blueprint to move-in over summer recess.

ACCELERATED CONSTRUCTION

Working closely with the school's architecture firm we designed a building system where significant portions of the building could be constructed off-site.

BENEFITS

- The building was completed on schedule.
- The building complements the existing campus.
- The solution was economical.
- The school was able to utilize their investment immediately.
- By building off-site, the campus disruption was minimal.

THE WHITLEY ADVANTAGE

- Custom-Designed, Permanent Structures.
- Aesthetic Appeal.
- Accelerated Construction Timeline.
- Quick Return on Construction Investment.
- Controlled Costs.
- Flexibility for Future Growth.

ABOUT WHITLEY MANUFACTURING

Our three facilities build custom modular buildings for a national clientele. Consistent labor rates & volume purchasing give us the ability to offer exceptional buildings that are also an exceptional value. Plus our construction system reduces timelines & overruns.
